VICK'S EARLY SCARLET GLOBE RADISH.

As a forcing Radish Vicks' Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the radish. The peculiar merit of this variety as a forcing radish, is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and, therefore, it commends itself equally to the amateur and market gardener. Beware of cheap foreign grown seed offered by many dealers as "Vicks." Our seed is all American grown.

JAMES VICKS SONS

ROCHESTER, N. Y.

To our patrons:

Since the year 1883,—which was the most disastrous season ever known to the seed-growing industry,—there has occurred no such failure of crops, of all varieties, as during the past summer, but more especially that of the bean crop. The Genesee Valley, particularly about Rochester,—always recognized as the largest in area and better adapted for growing Bean crops than other sections,—has, during past season, suffered in common with the whole country. The exceedingly dry and hot weather of the summer stunted the growth of the vines; and this, followed by the early frosts of September, blasted the few pods showing vitality sufficient to produce seed. Thus the failure of the crop in this section created a shortage of thousands of bushels in the seed trade, and doubtless before planting season arrives few, if any, Beans will be procurable.

Peas also show in the short crop the effect of the season.

American-grown Cabbage seed shows but a small percentage of the usually large output of stock.

While our home-grown Onion crop was fair in quantity, the California-grown seed—which many dealers catalogue on account of the cheapness in price (therefore cheap in quality)—we learn has been harvested for less than half a crop; this shortage will undoubtedly cause a great deal of old Onion seed to be offered. *Beware of old Onion seed.*

We consider it only just on our part that we promptly notify our customers of the shortage, and the advance in prices that must come, in order that they may procure their seed supplies while the stock can be obtained

These prices are subject to change when our own stocks are exhausted.

Sincerely yours,

JAMES VICKS SONS.

January, 1900.

TERMS.

To all regular customers, orders for seeds, bulbs or plants, our terms are 60 days with a discount of 2% in 10 days. **Grass Seed. Clover Seed, Potatoes and Onion Sets invariably net cash.** Satisfactory reference required from all new or unknown correspondents desiring credit. We decline to send C. O. D. unless a partial remittance is made as guarantee of good faith. **We send out no seeds on commission.**

Prices of Flower and Vegetable Seeds.

FIVE CENT PAPERS—Per 100, $2.00; per 1000, $18.00.
TEN CENT PAPERS—Per 100, $4.00; per 1000, $35.00.
FIFTEEN CENT PAPERS—Per 100, $6.00; per 1000, $50.00.
TWENTY CENT PAPERS—Per 100, $8.00; per 1000, $70.00.
TWENTY-FIVE CENT PAPERS—Per 100, $10.00; per 1000, $80.00.

Not less than 100 papers at the 100 rate, nor than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

All Novelties at packet prices are net, from which there are no discounts.

Ounce papers of Vegetable Seeds 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, four quarts, and bushel, are priced net in the body of this catalogue—peck at bushel rates, and ten pounds at hundred pound rates. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the ounce papers with the usual discount of 40 per cent off.

Our New Departure.

In Vick's Garden and Floral Guide for 1900 is explained a new plan of selling Vegetable Seeds in definite quantities, instead of the old unsatisfactory packet. With this system a planter can tell at once just what quantity of seeds the packet contains, and by glancing at the tables in the Guide, know how much land it wil plant. This should be a great drawing card, and no doubt will increase your sales materially. Owing to the increase in quantities the discount on ¼-ounce and ½-ounce packages and ½-pints and pints of Peas, Beans and Corn, will be same as on ounces, 40 per cent. from retail prices.

Boxes of Flower Seeds.

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for. The boxes are neat, showy and convenient for retailing from.

THE BOX OF FLOWER SEEDS contains $5.00 worth of retail papers; price to dealers $2.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

HANDSOME SHOW CARDS furnished with order.

For the assistance of those selling our seeds, we will furnish a reasonable quantity of VICK'S LITTLE GEM CATALOGUE free with each order when requested.

SHIPPING.

Purchasers will please send explicit shipping instructions with each order; where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered, in first-class condition, addressed as ordered, we disclaim all responsibility for any accident, damage or delay that may occur on the route. We pay no freight or express charges unless by special agreement. When goods are desired sent by mail postage must be added at the rate of 8 cents per pound.

☞ Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

THE GRADUS PEA

The Finest Early Green Wrinkled Pea of the Century.

THINK OF IT! EARLY AS THE EXTRA EARLIES. PODS AS LARGE AS TELEPHONE.

An English variety of Wrinkled Peas, the stock of which we procured direct from the originator, and take pleasure in introducing in America. Unlike most varieties of Wrinkled Peas, **The Gradus** is very hardy and can be planted extremely early; the vines grow about three feet high and are of very robust growth. The enormous pods are crowded with large peas of delicious flavor. Our trials of **The Gradus** with the new English peas "Early Morn" and the variety catalogued last year as "Prosperity," show all three to be identical, except that **The Gradus** was more productive, made more pods to the vine, and generally more peas in the pod, showing it to be a superior strain of the variety.

As an extra early Pea, **The Gradus** is far superior to the smooth varieties, such as "Extra Early," "Philadelphia Extra Early, "First and Best," "Maud S." "Morning Star," etc., not only in its delicious quality, but also in the number of large peas in the pod, the varieties mentioned usually contain but four or five peas in the pod, and are almost without flavor, their sole value being extreme earliness, while the pods of **The Gradus** usually contain from eight to ten large peas, and are made up of a combinanion of the most desirable qualities, etc.

EARLINESS, DELICIOUS FLAVOR AND LARGE-SIZED PEAS.

Trade List for 1900.

☞ *A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:*

Two Bacon means two bushels Extra Early Red Valentine Beans; or

Fifty Beget means fifty pounds Egyptian Blood Turnip Beet, etc.

This Telegraphic Cipher cancels all formerly printed.

Ten pounds or more will be charged at 100 pound rates.

FLOWER SEEDS.

The flower seeds we offer are grown largely upon our own farm; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and (which is of great importance) in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality. Therefore our seeds must not be classed with the cheap sorts picked up here and there, simply because they can be bought and sold cheap, and which are offered by unscrupulous dealers at ridiculous prices, making such seed dear at any price.

☞ *We will not sell less than one ounce of sorts priced at 15 cents per ounce or under; but we will put up 1-2 ounce of seeds priced at 20 cents per ounce and over; 1-4 ounce of seed priced at 75 cents per ounce and over; 1-8 ounce of seeds priced at $2.00 per ounce and over.* ☜

It is quite important that a mixture of Sweet Peas should be intelligently composed. This can only be accomplished by growers who, like ourselves, are in a position to watch and care for the crop while in bloom, and when making selections see to it that the bright or telling colors predominate. Our mixture contains about twenty-five varieties and we are confident it will give universal satisfaction. With our immense stock and low prices we are prepared to fill in any quantity all orders for this favorite flower.

Wonderful Japanese Fern Ball.

This novelty from Japan we take great pleasure in introducing as one of the most satisfactory house Ferns ever offered. The center is moss, covered with fern roots in a very ingenious manner, looking like a ball of small roots twisted together. After watering they start into life, and in a short time are covered with a mass of beautiful green foliage. When growing they should be watered two or three times each week. If desired, they may be cut in two and planted in a fern dish.

Price, 50 cents each; $5.00 per dozen.

SULPHO-TOBACCO SOAP.

Wherever tried, this Soap has given the greatest satisfaction; in fact, there is no insect that will not succumb to its power. It is, therefore, unnecessary to enumerate them, or to mention the flowers, shrubs, berry bushes, vegetables, etc., on which it may be used with great advantage. One or two thorough applications will generally rid the plants of the pest for the entire season.

Price, ½ lb. can, 20 cents; per dozen cans, ... $2 00

"You Hold the Hose, the Machine Does the Work."

—THE—

Rochester Sprayer. .

The Best Sprayer in the Market.

A new and up-to-date Sprayer that does not need a continual and tiresome pump. All you have to do is to hold the nozzle, as shown in our illustration, the machine does the rest. It is self-operating, a fire pump, knapsack and atomizer combined. For spraying trees, roses, potatoes, and, in fact, everything that needs spraying.

Price, each, $3.50, delivered at Express or Freight Office, Rochester, N. Y.

CYCLONE SPRAY PUMP. Large tank and double seamed, tube stationary, so that there is no danger of getting out of place. A marvelous insect exterminator. Cylinder 13 x 4 x 18 inches. Throws a spray as fine as a mist, and is therefore more effectual than any other spray pump, and only uses about *one-tenth* the liquid. Price, copper tank, each, 75 cents; per dozen, $8.25.

BORDEAUX MIXTURE. Endorsed by Experiment Stations as reliable and a superior preparation in every respect. This mixture is a scientific preparation and combined in a way heretofore unknown. *One quart will make 50 quarts* by the addition of 49 quarts of water. Put up in patent, non-corrosive cans, and delivered at freight or express office, Rochester, for 40 cents per quart, $1.00 per gallon.

The "Victory" Lawn Mower.

Named after the flagship of one of the greatest naval heroes that ever lived—Nelson's "Victory," and, like that immortal admiral, it is in a class by itself. Both are incomparable.

ITS SPECIAL FEATURES.

Ball Bearings, of the very highest grade, exact to ¼ of 1-0000 of an inch, which reduce the friction astonishingly, and render it possible to use much wider machines than heretofore. A 24-inch mower can now be operated as easily as the old parallel bearing mower only 16 inches wide.

A Removable Cutter Bar, which, by loosening four small screws, may be rolled out of the machine for sharpening, without disturbing the frame. A very valuable feature, found in no other make of mowers.

A Solid Rectangular Frame, that cannot be jarred or twisted out of parallel.

Double Steel Ratchet, like lightning in action, like adamantine in hardiness and durability. By using two pawls in each pinion, the chances of the pawls engaging the clutch part of the pinion are doubled, and the durability is increased ten fold.

Triple Gear entirely closed, so that no dirt or cut grass can find their way into the pinions.

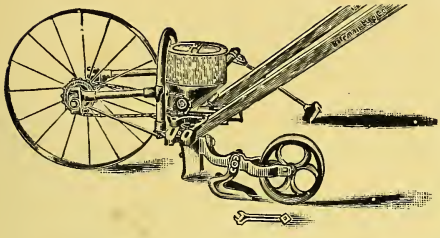
"IRON AGE" GARDEN and FARM IMPLEMENTS.



THE "IRON AGE" SEED DRILL.

Having secured the jobbing agency for these most excellent tools and implements, we desire to call the attention of dealers to the same. At the discounts we allow the trade, there is a good profit in the handling. These tools are immensely popular, owing to the new departure in their design and construction. They are equipped with high steel wheels; tubular frame connected to malleable iron castings—really bicycle construction—and in consequence are exceedingly light, convenient, easy to handle, and very handsome in appearance. The line is complete, including the smaller tools for the garden, Seed Drills, Single and Double Wheel Hoes and combinations, Horse Hoes and Cultivators, Harrows, etc.; also Riding Cultivators, both fixed and pivot wheels. We will be pleased to send descriptive catalogue, fully illustrated, and also give further information as to terms, etc., by mail.

DISCOUNTS TO THE TRADE.

We will furnish "**Iron Age**" implements to dealers at the following rates of discount from retail prices:

All Hand Tools, including Seed Drills, Single and Double Wheel Hoes, either "Iron Age," Gem or Jewel; also Advance Fertilizer Drill. Discount 25 per cent.

All Horse Implements, Cultivators, Harrows, etc., including the Riding Cultivators. Discount 25 per cent.

Barrel Truck and Barrel, Hand Cart Box, Sprinkler Attachment, Force Pump for Barrel, and Leaf Rack, at a discount of 30 per cent.

The manufacturers of these implements were the pioneers in the business, and, having devoted their entire attention to this line alone, have constantly made valuable improvements, both in the construction of the tools and implements and in the quality of materials used. Dealers need have no hesitation in offering the "**IRON AGE**" **IMPLEMENTS** as the **very best** of their kind in the market.
